Navigating the Effects of COVID-19

10.01.20

LeadingAge Missouri 2020 Virtual Fall Forum

Houston Shareholder Daniel Sternthal presents at the LeadingAge Missouri 2020 Virtual Fall Forum, which will run from October 1-October 31, 2020. The presentation, entitled "Navigating the Effects of COVID-19" covers the following topics:

The impact of COVID-19 for Healthcare and Housing Providers was felt not just simply by bottom line revenue, but more so the course of the way we do business and the future risks involved. From day to day operational changes due to regulation changes, to impacts arriving from stimulus funds, providers need to be prepared to react proactively and nimbly. This presentation gives insight into how to best prepare operationally and financially so that your organization is compliant, can prevent risk and hold onto the stimulus funds being granted.
