Experience

Research Company Disposition

Represented a Dallas, Texas-based apartment and student housing market research company in its \$80 MM sale to a publicly-traded, global provider of software and predictive data analytics to the real estate industry.

Mobile Health Application

Represented medical supply company in the development of a mobile health application that allows various health care providers to view pictures of patients' wounds and discuss treatment plans and healing via a mobile telecommunications device. Munsch Hardt advised the company on how to launch this mobile health application in a HIPAA-compliant manner and prepared licensing agreements between the company and health care systems for use of the application.

General Corporate Counseling

Represented the leading software provider of intelligent copy data solutions in its acquisition of a software division, as well as in all general corporate and litigation matters.

Distributing Company Disposition

Represented a distributor for branded appliance manufacturers in its sale to one of the largest appliance and consumer electronics parts distributors in North America.

Transportation Disposition

Represented a leading baggage handling system engineering and consulting company in its sale to a larger national aerospace engineering and services company.
