Our sophisticated and prolific bankruptcy practice has a truly international scope that allows Munsch Hardt professionals to remain well-connected with other business parties, professionals, lenders, liquidators and adversaries who are typically implicated in bankruptcy cases and restructurings. This allows us to effectively strategize with our clients in the administration of complex bankruptcy estates and provide them with ample access to business, financial and other professional services and offerings that may be necessary in order to accomplish the restructuring objectives.

Moreover, our Bankruptcy, Restructuring & Insolvency team includes a stable of aggressive and extremely sophisticated business litigation attorneys who are as experienced in the courtroom as they are in the boardroom. Whether in state or federal court, or even alternative forums, such as specialized courts or arbitration, our attorneys possess the skills, experience, relationships and reputations needed to properly develop and pursue a principled, strategic plan of attack and to effectively and zealously advocate our clients' legal positions, both in negotiations and in court.

Our goal is to clearly outline options and then collaboratively work with our clients on developing and implementing the best restructuring strategy.

Experience

Hospitality Representation

Represented Texas Grand Prairie Hotel Realty, LLC and certain of its debtor affiliates in their Chapter 11 cases filed in the Northern District of Texas. The debtors own and operate four Hyatt Place hotels in Texas. The case was significant because the debtors were able to confirm a plan on cramdown of the senior lender and obtain a rate of interest under the Till formula approach, which was the first time this had been applied in this Circuit to a contested Chapter 11 plan and which was substantially less than the rate demanded by the secured lender. The order confirming the Chapter 11 plan was appealed to the United States Court of Appeals for the Fifth Circuit, which affirmed the cramdown and the interest rate, leading to new and significant precedent in the Fifth Circuit.

Real Estate Representation

Represented CSD, LLC in Chapter 11 cases filed in the District of Nevada. The debtor owns a 52 acre estate located in Las Vegas, which includes the residence of Wayne and Kathleen Newton, Mr. Newton's memorabilia, an exotic car collection, 55 Arabian horses and a number of exotic animals.

Real Estate Representation

Represented BHFS I, LLC and certain of its debtor affiliates in their Chapter 11 cases filed in the Eastern District of Texas. The debtors also owned approximately 37.5 acres of fully developed office, retail, multifamily, hotel and parking garage development sites. The debtors' plan was successfully confirmed within six months of filing of the bankruptcy petition.
