

entry of a final disposition of this Motion. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

2. The bases for the relief requested herein are sections 105(a) and 363 of the Bankruptcy Code, Rules 7037 and 9014(c) of the Federal Rules of Bankruptcy Procedure (the “Bankruptcy Rules”), and this Court’s inherent authority to construe and enforce its own prior orders.

II. BACKGROUND FACTS

3. On March 17, 2023 (the “Petition Date”), the Debtor commenced the Bankruptcy Case by filing a voluntary petition for relief under chapter 11, subchapter V, of the Bankruptcy Code, thereby creating the Debtor’s estate (the “Estate”).

4. On May 12, 2023 (the “Conversion Date”), the Court entered its *Order Converting Case to Chapter 7* [Docket No. 89], converting the Bankruptcy Case to chapter 7, discharging the subchapter V trustee, and appointing the Trustee to oversee the administration, operation, and management of the Debtor’s Estate and its business.

5. Upon his appointment to act as Trustee, the Trustee undertook efforts to identify and transition custody and control over the Estate’s assets, interests, and affairs, including, but not limited to, analyzing the portfolio of warrant securities issued to the Debtor generally by former customers (collectively, the “Warrants”), which appear to comprise the Debtor’s primary assets.

6. On April 3, 2024, the Trustee filed his second motion to sell a designated set of Warrants and securities to one or more purchasers [Docket No. 398] (the “Second Sale Motion”)¹, including pursuant to express procedures specified therein and proposed to govern the requested

¹ Capitalized terms used and not otherwise defined herein have those same definitions as are set forth in the Second Sale Motion.

sale process pursuant to sections 363 and 365 of the Bankruptcy Code (“Second Sale Motion Procedures”).

7. As set forth in the Second Sale Motion, the Trustee and the Sale Agent have identified for proposed Sale through the Second Sale Motion, *inter alia*, 1315² Warrants held by the Estate (collectively, for purposes of this Motion, the “Sale Assets”), which Sale Assets are listed on Exhibit “A” attached hereto and incorporated herein by reference for all purposes.

8. There are two (2) forms of Warrants included as Sale Assets. Representative samples of the two Warrant forms are attached hereto as Exhibits “B-1” and “B-2” and incorporated herein by reference for all purposes.

9. Both Warrant forms include the same operative provision relevant to this Motion. In particular, each of the Sale Asset Warrants contains the following provision entitling the Debtor to receive certain periodic, financial disclosures by and for a Warrant issuer:

Information Rights. During the Warrant Period, the Member shall deliver to Holder (a) such information the Member furnishes to prospective investors in connection with any Qualified Financing during the Warrant Period, (b) within one hundred eighty (180) days after the end of each fiscal year of the Member, the annual (to the extent audited, if available) financial statements of the Member, (c) within forty-five (45) days after the end of each of the first three quarters of each fiscal year, the Member’s quarterly, unaudited financial statements, as applicable, and (d) any such information relating to the financial condition, business or corporate affairs of the Member as Holder may from time to time reasonably request; however, the Member will not be obligated to provide information (i) that it deems in good faith to be a trade secret or similar confidential information or (ii) the disclosure of which would adversely affect the attorney-client privilege between the Member and its counsel.

See Exhibit B-1, § 2; Exhibit B-2, § 2.

² The Trustee has entered into numerous redemption offers that are pending Court approval. The number of Warrants to be sold excluding canceled Warrants and the pending redemptions offers is approximately 1278.

10. The foregoing provision also generally provides for the “automatic extension of the Warrant Period to 10 years, commencing from the initial date of this Warrant,” in the event that the issuer breaches, or fails to timely comply with, the foregoing “Information Rights” provision and corresponding obligations. *Id.*

11. On May 1, 2024, this Court held an initial hearing to consider the Second Sale Motion, pursuant to which the Court entered its Order [Docket No. 423] (“Sale Procedures Order”) that, *inter alia*, approved certain procedures to govern the marketing and Sale of the Sale Assets (the “Sale Procedures”) under a schedule that incorporates: (i) an initial objection deadline of June 3, 2024, and a further hearing scheduled for June 20, 2024, to consider any such initial objections to the proposed sale; (ii) a customary marketing and bidding period with a “Bid Deadline” of August 2, 2024; and (iii) a Final Sale Hearing to consider the Court’s final approval of the Sale. See Sale Procedures Order, p. 3.

12. Critically, the Sale Procedures Order also expressly approved the Trustee’s request from Warrant issuers of any and all Warrants listed as a Sale Asset to disclose certain requested financial information pursuant to the foregoing Section 2 “Information Rights”. See Sale Procedures, Exh. 2. **Exhibit “2”** to the Sale Procedures expressly comprises and provides the Trustee’s Court-approved notice of his corresponding requests for these Warrant issuers’ timely financial disclosures (“Request for Disclosures”). Among other things, it expressly states that, “Any breach of, or failure to comply by an Issuer with, the foregoing Information Rights obligations, pursuant to section 2 of the Warrant(s), shall result in the ‘automatic extension of the Warrant Period to 10 years, commencing from the initial date of this Warrant.’” A true and correct copy of the Request for Disclosures is attached hereto as **Exhibit “C”** and incorporated herein by reference for all purposes.

13. The transcript of the hearing conducted by the Court on May 1, 2024, confirms that the Request for Disclosures was specifically and individually reviewed, considered and ordered by the Court, pursuant to the Court's observation that the lack of timely disclosure to the Trustee of such information may negatively impact the value of the Estate's interests in connection with the Sale and Sale Procedures. *Transcript of Hearing Held May 1, 2024* [Docket No. 451] ("May 1 Hearing Transcript") at 14:4-24, 17-18:1-11. Accordingly, the Court expressly approved the Request for Disclosures while contemplating the Court's potential enforcement thereof by an order to compel timely compliance with disclosure obligations. *Id.*, 38-39:21-5 and 52:11-19 ("the Chapter 7 Trustee can also always file a motion to compel in front of me and I can compel the warrant issuer to issue that, I think, to provide that information to the Trustee..."). A true and correct copy of the May 1 Hearing Transcript is attached hereto as **Exhibit "D"** and incorporated herein by reference for all purposes.

14. On May 6, 2024, the Trustee's counsel served the Court-approved Notice of the Sale Procedures, including but not limited to the Request for Disclosures, on all Warrant issuers and all parties entitled to or requesting notice in the Bankruptcy Case, as well as on known interested bidders. *See* Docket No. 424.

15. Since the time that the Trustee served his foregoing notice of the Sale Procedures, the Trustee's professionals have been corresponding exhaustively with various Warrant issuers, including substantial of them who have complied with the Request for Disclosures. However, more of the Sale Asset warrant issuer have failed or refused (some expressly so) to comply in any

respect. Of the remaining twelve hundred eighty (1,278) Sale Asset Warrants³, three hundred thirty (330) issuers have complied with the Request for Disclosures while nine hundred forty eight (948) have not (collectively, as itemized on Exhibit “E”, the “Noncompliant Issuers”).

III. RELIEF REQUESTED

16. The Trustee hereby respectfully requests the entry of an order in the form attached hereto as Exhibit “E” (“Proposed Order”) and incorporated herein by reference for all purposes compelling all Noncompliant Issuers (only) of any and all Warrants listed as a Sale Asset to comply with the Request for Disclosure items, as previously Ordered by the Court, but within an additional seven (7) day grace period proposed under this Motion. The Trustee further requests that this Court Order that the failure to comply with the requested financial reporting obligations within such grace period will result in the automatic extension of the Warrant Period to 10 years, commencing from the initial date of the Warrant. The Proposed Order expressly itemizes the Noncompliant Issuers as an exhibit thereto, repeats the categorical requests under the Request for Disclosures, states the deadline for compliance, and expressly discloses in prominent text that failure to timely comply with the financial reporting obligations by the stated deadline will result in the automatic extension of the Warrant Period to 10 years.

17. This Court has the inherent authority to enforce its previous Order. Both the Supreme Court, in *Travelers Indem. Co. v. Bailey*, 557 U.S. 137, 151, 129 S. Ct. 2195 (2009), and the Court of Appeals for the Fifth Circuit in *United States v. Alcoa, Inc.*, 533 F.3d 278, 287 (5th Cir. 2008), have affirmed that all federal courts have the inherent authority to enter orders enforcing and interpreting their own prior orders. *See also Upton Creditors, LLC v. MHR*

³ There were initially 1,317 Sale Asset Warrants under the Second Sale Motion, but that original number has been reduced by virtue of discussions with Warrant issuers leading to proposed / pending “Redemption Sales” (i.e., warrant cancellation transactions), other proposed / pending compromises and/or the Trustee’s agreement to remove such putative Warrant from the Sale as a result of documentation established by the issuer.

Institutional Partners III (In re Upton), 2016 U.S. Dist. LEXIS 5591, *12 (N.D. Tex. 2016) (a bankruptcy court’s order interpreting its own confirmation order is entitled to substantial deference (citations omitted)); *In re Palmaz Sci. Inc.*, 562 B.R. 331, 335-336 (Bankr. W.D. Tex. 2016) (jurisdiction and authority extends to bankruptcy court’s interpretation and implementation of its confirmation order).

IV. EMERGENCY CONSIDERATION

18. As stated in the Trustee’s contemporaneously filed motion for expedited consideration, expedited consideration of this Motion is necessary in the best interests of the Estate, in order to accommodate the already pending sale process, and resolve the requested disclosures in time to accommodate due diligence and bidding under the Court-ordered Sale Procedures. The Trustee was unable to reasonably submit this Motion with substantially greater notice due to the inability to determine compliance and noncompliance until the expiration of the June 3, 2024 objection deadline set forth in the Sale Procedures.

V. CONCLUSION

WHEREFORE, the Trustee respectfully requests this Court’s entry of an order, substantially in the form attached hereto as Exhibit “E”: (i) granting this Motion; (ii) compelling all Noncompliant Issuers of any and all Warrants listed as a Sale Asset to provide the requested financial information pursuant to the Accelerator Warrant Section 2 within seven (7) days of entry of the Order Granting the Trustee’s Motion; (iii) extending the Warrant Period to 10 years for all Noncompliant Issuers that fail to timely comply with the Court’s Order compelling their financial disclosures; (iv) retaining jurisdiction for all purposes, including but not limited to enforcement of the Order Compelling; and (iv) granting such other and further relief as the Court may deem just and proper.

Exhibit "B-1"

Form of Sample Warrant

EXHIBIT A

ACCELERATOR WARRANT

THIS WARRANT AND THE SECURITIES ISSUABLE UPON EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR ANY APPLICABLE STATE SECURITIES LAWS AND MAY NOT BE SOLD, TRANSFERRED OR OTHERWISE DISPOSED OF UNLESS THERE IS AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS COVERING ANY SUCH TRANSACTION OR UNLESS THE CORPORATION SHALL HAVE RECEIVED AN OPINION OF ITS COUNSEL THAT REGISTRATION OF SUCH SECURITIES UNDER THE SECURITIES ACT AND UNDER THE PROVISIONS OF APPLICABLE STATE SECURITIES LAWS IS NOT REQUIRED.

This Warrant (the "**Warrant**"), dated as of [REDACTED] is by and between Newchip LLC, ("**Accelerator**" also referred to as "**Holder**"), and Member Company that has applied and is receiving Membership to a "Accelerator Program" per the terms of Accelerator Membership Agreement (the "**Membership Agreement**") and shall initially expire 24 months (the "**Warrant Period**") from the Effective Date of Membership Agreement. In consideration for admission into the Accelerator Program, the parties hereto agree as follows:

1. Investment Rights. Holder shall have the right to invest up to \$250,000 USD in aggregate warrants in the Company in exchange for securities of the Company pursuant to either:

Option 1. If the Company has an open Qualified Financing with Signature Commitments of AT LEAST 25% of the Maximum Offering Amount as of date of this Warrant, Holder may at its option invest in the current or any future Qualified Financings during the Warrant Period, at the same terms and rights (including any rights and privileges granted to the lead investor(s) in the form of a side letter agreement in connection with the open Qualified Financing, as applicable) offered under the Qualified Financing, open as of the date of this Warrant; or

Option 2. If the Company has an open Qualified Financing but DOES NOT have Signature Commitments of at least 25% of the Maximum Offering Amount as of the date of this Warrant, Holder may at its option invest in the open Qualified Financing under the same terms and rights (including any rights and privileges granted to the lead investor(s) in the form of a side letter agreement in connection with the open Qualified Financing, as applicable) offered in the latest Tier 2 Qualified Financing that has closed within 90 days prior to the date of this Warrant; however, if no such Tier 2 Qualified Financing occurred within the above timeframe, the investment rights revert back to those in Option 1 (i.e. if you recently closed a round of >\$499K USD or more within 90 days and have started a new round, we have the right to invest at the previous round terms until you have reached over 25% in commitments in the new round - for example if you only have closed a Friends and Family or Angel Round of <\$500K USD within 90 days prior, we would not receive those terms and Option 2 is not an option); additionally Option 2 is only applicable until you raise at least 25% in commitments, then Option 1 supersedes; or

Option 3. If the Member DOES NOT qualify for Option 1 or Option 2 as of the date of this Warrant, the valuation shall be determined by the next Qualified Financing subject to the following:

- (a) In the case of a priced equity Qualified Financing, the valuation shall be the greater of either (i) a twenty percent (20%) Discount Price of the price per share or (ii) one and a twenty-five hundredths times (1.25X) the highest discount offered to investors in respective Qualified Financing; or (b) in case of convertible security Qualified Financing at the greater of either (i)

a twenty percent (20%) discount or (ii) one and twenty-five hundredths (1.25X) the highest discount offered to investors in respective Qualified Financing.

2. Information Rights. During the Warrant Period, the Member shall deliver to Holder (a) such information the Member furnishes to prospective investors in connection with any Qualified Financing during the Warrant Period, (b) within one hundred eighty (180) days after the end of each fiscal year of the Member, the annual (to the extent audited, if available) financial statements of the Member, (c) within forty-five (45) days after the end of each of the first three quarters of each fiscal year, the Member's quarterly, unaudited financial statements, as applicable, and (d) any such information relating to the financial condition, business or corporate affairs of the Member as Holder may from time to time reasonably request; *however*, the Member will not be obligated to provide information (i) that it deems in good faith to be a trade secret or similar confidential information or (ii) the disclosure of which would adversely affect the attorney-client privilege between the Member and its counsel. Any breach, non-compliance or non-performance of this Section 2 by the Member, shall result in an automatic extension of the Warrant Period to 10 years, commencing from the initial date of this Warrant.

3. Follow-On Investment. Any time after Holder has made an (initial) investment in the Member in accordance with Section 1 herein, Holder shall have the right, during the Warrant Period, to make a follow-on investment in any subsequent Qualified Financing of the Member at the same terms and conditions offered in such Qualified Financing (a "**Follow-On Investment**"). The Follow-On Investment amount shall not exceed two (2) times the (initial) investment amount made under Section 1 herein. This Follow-On Investment right shall not negatively affect or diminish any other pro-rata (participation) rights granted to Holder under any other agreements.

4. Change of Control & Automatic Exercise. In the event of a Change of Control, Holder shall be deemed to have made an automatic net exercise investment, without remittance of payment, in the Member in accordance with Section 1 herein for the total remaining investment amount under this Warrant, immediately prior to the consummation of such Change of Control transaction, unless the automatic net exercise investment would result in an actual cost basis greater than the net proceeds that would be received by Holder. For the avoidance of any doubt, if the actual cost basis would exceed the net proceeds under such an automatic net exercise investment, Holder shall not be deemed to have made an automatic next exercise investment in the Member. To the extent exclusively stock is issued as a form of consideration in connection with a Change of Control transaction, Holder shall be deemed to have elected shares of common stock as a form of consideration in connection with the Change of Control transaction, to the extent possible. In case of an option to elect between cash and stock consideration in connection with a Change of Control transaction, Holder shall be deemed to have elected cash consideration, to the extent possible. If any automatic net exercise investment occurs pursuant to this Section 4, Member shall notify Holder as soon as reasonably practicable, but in any event immediately after the consummation of such Change of Control transaction. Additionally, Member will notify Holder of any and all proposed change of control events in relation to Holder's rights under Section 2.

5. Covenants of the Member.

Holder understands that the Warrant has not been registered under the Securities Act of 1933 (the "**Securities Act**") or any state securities law, by reason of their issuance in a transaction exempt from registration requirements of the Securities Act and such laws, that the Warrant must be held indefinitely unless it is subsequently registered under the Securities Act and such laws or a subsequent disposition thereof is exempt from registration, and that the Warrant and shall bear a legend to such effect.

This Warrant (the "**Warrant**"), dated as of [REDACTED] is by and between Newchip LLC, ("**Accelerator**" also referred to as "**Holder**"), and Member Company that has applied and is receiving Membership to a "Accelerator Program" per the terms of Accelerator Membership Agreement (the "**Membership Agreement**") and shall initially expire 24 months (the "**Warrant Period**") from the Effective Date of Membership Agreement. In consideration for admission into the Accelerator Program, the parties hereto agree as follows:

1. Investment Rights. Holder shall have the right to invest up to \$250,000 USD in aggregate warrants in the Company in exchange for securities of the Company pursuant to either:

Option 1. If the Company has an open Qualified Financing with Signature Commitments of AT LEAST 25% of the Maximum Offering Amount as of date of this Warrant, Holder may at its option invest in the current or any future Qualified Financings during the Warrant Period, at the same terms and rights (including any rights and privileges granted to the lead investor(s) in the form of a side letter agreement in connection with the open Qualified Financing, as applicable) offered under the Qualified Financing, open as of the date of this Warrant; or

Option 2. If the Company has an open Qualified Financing but DOES NOT have Signature Commitments of at least 25% of the Maximum Offering Amount as of the date of this Warrant, Holder may at its option invest in the open Qualified Financing under the same terms and rights (including any rights and privileges granted to the lead investor(s) in the form of a side letter agreement in connection with the open Qualified Financing, as applicable) offered in the latest Tier 2 Qualified Financing that has closed within 90 days prior to the date of this Warrant; however, if no such Tier 2 Qualified Financing occurred within the above timeframe, the investment rights revert back to those in Option 1 (i.e. if you recently closed a round of >\$499K USD or more within 90 days and have started a new round, we have the right to invest at the previous round terms until you have reached over 25% in commitments in the new round – for example if you only have closed a Friends and Family or Angel Round of <\$500K

USD within 90 days prior, we would not receive those terms and Option 2 is not an option); additionally Option 2 is only applicable until you raise at least 25% in commitments, then Option 1 supersedes; or

3. Follow-On Investment. Any time after Holder has made an (initial) investment in the Member in accordance with Section 1 herein, Holder shall have the right, during the Warrant Period, to make a follow-on investment in any subsequent Qualified Financing of the Member at the same terms and conditions offered in such Qualified Financing (a "**Follow-On Investment**"). The Follow-On Investment amount shall not exceed two (2) times the (initial) investment amount made under Section 1 herein. In the event of a Change of Control, Holder shall be deemed to have made an automatic net exercise investment, without remittance of payment, in the Member in accordance with Section 1 herein for the total remaining investment amount under this Warrant, immediately prior to the consummation of such Change of Control transaction, unless the automatic net exercise investment would result in an actual cost basis

greater than the net proceeds that would be received by Holder. For the avoidance of any doubt, if the actual cost basis would exceed the net proceeds under such an automatic net exercise investment, Holder shall not be deemed to have made an automatic next exercise investment in the Member. - c. Covenants as to Course Completion.** The Member covenants and agrees to complete all Graduation Requirements for the Accelerator as defined in the Membership Agreement.
- d. Violation of Covenants.** Any breach, non-compliance or non-performance of the covenants and agreements contained by the Member, shall result in an automatic extension of the Warrant to a total Warrant Period of 10 years, commencing from the initial date of this Warrant.

Representations by Holder.** Holder represents that it is acquiring the Warrant for its own account for investment purposes and not with the view to any immediate resale or distribution, that Holder will not offer, sell or otherwise dispose of the Warrant except under circumstances that will not result in a violation of applicable securities laws. Holder understands that the Warrant has not been registered under the Securities Act of 1933 (the "**Securities Act**") or any state securities law, by reason of their issuance in a transaction exempt from registration requirements of the Securities Act and such laws, that the Warrant must be held indefinitely unless it is subsequently registered under the Securities Act and such laws or a subsequent disposition thereof is exempt from registration, and that the Warrant and shall bear a legend to such effect.

Upon the Member's execution and delivery of such new Warrant, this Warrant shall promptly be canceled. Before any securities held by Holder may be sold or otherwise transferred (including by operation of law), the Holder must provide the Member with a right of first refusal to purchase the securities. If the Member elects not to purchase the securities back, then Holder shall be allowed to continue with the transfer transaction. All transactions in this Section 7 are subject to a Right of First Refusal by Member. The right of first refusal does not apply to a transfer by Holder to a wholly-owned subsidiary or other affiliated entity.

8. Successors and Assigns. The terms and provisions of this Warrant shall inure to the benefit of, and be binding upon, the Member and the Holders hereof and their respective successors and assigns.

9. Warrant Termination. Within the first six (6) months as of the date of this Warrant, the Member may terminate this Warrant by paying the full amount of 5x the Resource Fee. The Member, *however*, may not terminate this Warrant during a period in which the Member (i) solicits, initiates, or encourages the submission of any proposal or offer from any person relating to any transaction deemed a Change of Control or (ii) participates in any discussions or negotiations regarding, furnishes any information with respect to, assists or participates in, or facilitates in any other manner any effort or attempt by any person to effectuate a transaction being deemed a Change of Control. For clarity, the Member shall regain its right to terminate the Warrant, if the Member ceases any conduct as set forth in (i) and (ii) of the preceding sentence so long as the termination occurs within the first six (6) months as of the date of this Warrant.

10. No Fractional Shares. No fractional shares, in any form, shall be issued upon the exercise of this Warrant, and any calculation resulting in fractional shares shall be rounded down to the nearest whole number.

11. Governing Law. This Warrant shall be governed by and construed under the laws of the State of Delaware without regard to conflict of laws rules, and in regards to international law; the laws and regulations of the United States of America as applicable.

13. Notices. All notices and other communications given or made pursuant hereto shall be in writing and shall be deemed effectively given: (a) upon personal delivery to the party to be notified, (b) when sent by confirmed electronic mail, and if not so confirmed, then on the next

business day, (c) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (d) one (1) day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. All communications shall be sent to the respective parties at the following addresses (or at such other addresses as shall be specified by notice given in accordance with this Section 13):

14. Amendments and Waivers. This Warrant and any term hereof may be amended, changed, waived, discharged or terminated only by an instrument in writing signed by the party against which enforcement of such amendment, change, waiver, discharge or termination is sought.

15. Severability. If any term or provision of this Warrant is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Warrant or invalidate or render unenforceable such term or provision in any other jurisdiction.

16. Loss, Theft, Destruction or Mutilation of Warrant. Upon receipt of evidence reasonably satisfactory to the Member of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, delivery of an indemnity agreement reasonably satisfactory in form and substance to the Member or, in the case of mutilation, on surrender and cancellation of this Warrant, the Member shall execute and deliver, in lieu of this Warrant, a new Warrant executed in the same manner and with the same terms and conditions as this Warrant.

17. Definitions.

a. Change of Control shall mean the occurrence of any of the following events: (i) the acquisition of the Member by another entity by means of any transaction or series of related transactions (including, without limitation, any reorganization, merger or consolidation or stock transfer, but excluding any such transaction effected primarily for the purpose of changing the domicile of the Member), unless the Member's stockholders of record immediately prior to such transaction or series of related transactions hold, immediately after such transaction or series of related transactions, at least fifty percent (50%) of the voting power of the surviving or acquiring entity (provided that the sale by the Member of its securities for the purposes of raising additional funds shall not constitute a Change of Control hereunder), and (ii) a sale, assignment, exclusive license, lease or other disposition or transfer of all or substantially all of the assets of the Member.

b. Discount Price shall mean the product of (i) the lowest price per share of capital stock sold in a Qualified Financing and (ii) 80% (a 20% discount).

d. **“Qualified Financing”** shall mean any round of equity financing (including any convertible debt, convertible preferred stock or other equity-linked derivative security financing) in a single or series of related transactions, from which the Company receives gross proceeds of at least \$100,000 USD cash or cash equivalent in the aggregate.

e. **“Signature Commitments”** shall mean the amount of committed investor dollars via executed securities/share purchase agreements relating to an offering of securities.

f. **Tier 2 Qualified Financing”** shall mean any round of equity financing (including any convertible debt, convertible preferred stock or other equity-linked derivative security financing) in a single or series of related transactions, from which the Member receives gross proceeds of at least \$500,000 USD cash or cash equivalent in the aggregate.

2 --oOo--

3 **THE COURT:** The next matter on the Court's docket is
4 the 10:30 docket, Case Number 23-10164, ASTRALABS, Inc.

5 The matter is set for a hearing before the Court
6 today at Docket Number 398. It is the second motion by the
7 Chapter 7 Trustee to sell property free and clear of liens.

8 I'll take appearances, starting with those in the
9 courtroom, please.

10 **MR. ONG:** Good morning, Your Honor. Jay Ong for the
11 Chapter 7 Trustee and movement, Randy Osherow. Also in the
12 courtroom with me is Ms. Beverly Bass, also from Munsch Hardt.
13 And on the video feed, you have the Chapter 7 Trustee,
14 Mr. Osherow, as well as the Trustee's Court-approved sale
15 agent, Mr. Chad Harding, principal of PEAK Tech.

16 **THE COURT:** All right. And I do see Mr. Osherow and
17 Mr. Harding. So they are both on, Mr. Ong.

18 **MR. ONG:** Thank you, Your Honor.

19 **THE COURT:** All right. Mr. Satija, I see you filed a
20 response. I perused it this morning. I didn't see it until
21 this morning, so I apologize. But I did see that, so.

22 **MR. SATIJA:** Thank you, Your Honor. No need to
23 apologize. It was filed late in the process.

24 Ron Satija on behalf of Andrew Ryan.

25 **THE COURT:** All right. All right, Mr. Ong. I've

1 read everything. Obviously, I'm generally familiar with the
2 process. Slightly different, certainly from the standpoint of
3 the volume of warrants we're seeking to sell vis-a-vis this
4 second process. And I have reviewed Mr. Satija's objection,
5 which I think can be resolved pretty quickly if you all haven't
6 already resolved it. But in any event, it's your motion.

7 **MR. ONG:** Thank you, Your Honor. Again, Jay Ong for
8 the Chapter 7 Trustee and movement.

9 Your Honor, we appreciate the Court's indulgence of
10 the Trustee's and Mr. Harding's attendance virtually in order
11 to minimize the estate expense. Your Honor will recall,
12 including from the recent final hearing that we conducted on
13 the prior sale motion and process, as this Court has already
14 just observed, that this is the second sale motion that the
15 trustee has generally proposed in this case. It substantially
16 tracks the prior sale motion and proceeding that has already
17 been navigated by the estate with the Court's oversight.

18 Although again, as the Court's observed, this one
19 does have some differences I'm prepared to outline on the
20 record today and is from a volume or size standpoint, a much
21 larger motion that implicates substantially greater sale
22 assets.

23 Specifically, Your Honor, that first motion started
24 out at 158 warrants. This motion starts out within excess of
25 1,300. Your Honor will also recall from that prior proceeding

1 that we had utilized the first motion essentially as a test
2 case that was randomly sampled. And so it implicated very
3 disparate forms of warrants over a broad period of time and
4 warrant issuers with very disparate circumstances.

5 Here, Your Honor, using the lessons we've learned
6 from that motion, these warrants have been hand selected. They
7 have been selected based on consideration of their provisions
8 and form, their term, and potentially the issuer's particular
9 circumstances to the extent known to the Trustee or PEAK tech.

10 In other words, Your Honor, we've selected these not
11 just to attempt to maximize value, but also minimize disputes
12 and thereby hopefully bolster the net results to and for the
13 estate. The corresponding consideration, Your Honor, is that
14 we expect and believe that this is likely to be the most
15 substantial and best sale effort that the estate is able to
16 muster regarding this warrant portfolio.

17 We do have some other assets, and of course the
18 Trustee reserves all of the estate's rights with respect to the
19 administration of those assets. That's not yet complete, but
20 this is the simple reality and current expectation in this case
21 and estate.

22 Your Honor, to evidence the warrants we've included
23 under Trustee's Exhibit 1A-2, template samples of the forms of
24 warrants at issue. Here, there are two forms, and all of the
25 warrants, to the best of our actual knowledge, are under one of

1 these two forms. Of course, we've also compiled every single
2 sale warrant at the Trustee's Exhibit E-5. That's a very
3 voluminous exhibit, and so we serve that to the parties and
4 submitted it to the Court electronically.

5 Your Honor, since I've addressed a few exhibits, and
6 it is my understanding that we are substantially unopposed
7 today, we have largely resolved the limited objection of
8 Mr. Ryan, although I think we need just a little bit of legal
9 argument as to one discrete issue that we'd like the Court to
10 entertain.

11 But in any event, Your Honor, I'd request the Court's
12 admission of Trustee's 1 through 7.

13 **THE COURT:** All right. Trustee moves to -- excuse
14 me, offers Exhibits 1 through 7. Any objections? All right,
15 no objections. Trustee's Exhibits 1 through 7 are admitted.
16 Those are the same exhibits that are outlined in the Trustee's
17 Exhibit Witness List at Docket 419.

18 **(Trustee's Exhibit Nos. 1 through 7 received in evidence)**

19 **MR. ONG:** Thank you, Your Honor. At this point, by
20 way of simple announcement and clarification of the record, I
21 should mention the proposed sale assets also include the
22 estate's interest in stock in a company by the name of King's
23 Crowd, Incorporated. King's Crowd --

24 **THE COURT:** Crowd or Crown?

25 **MR. ONG:** King's Crowd, Your Honor.

1 **THE COURT:** Okay. Got you.

2 **MR. ONG:** It was a -- my understanding is it was
3 involved in crowdfunding activities.

4 Your Honor, this entity was a former business partner
5 of the Debtors, as to which the Debtor exercised a prior option
6 to obtain approximately 1.4 million Class A common shares at an
7 aggregate then exercised price of \$250,000. Your Honor, we
8 have not recovered the actual stock certificates, but the Court
9 may be aware that the industry and applicable law have a
10 process for addressing and replacing lost stock certificates.

11 And among the Trustees' exhibits, specifically
12 Exhibit 6, we included a 2022 official K-1 filing by King's
13 Crowd with the SEC that expressly and in detail recites and
14 acknowledges the prior ASTRALABS exercise of its options to
15 obtain the Class A common shares in King's Crowd that I've just
16 recited.

17 Your Honor, in addition to which, notwithstanding
18 that we hand selected these warrants, there was one warrant
19 that inadvertently slipped by us that should not have been
20 included. Your Honor, that is by WeConcile, the issuer. And
21 the Court may recall that this estate and Trustee previously
22 compromised and settled the WeConcile warrant. And so that
23 warrant has been removed from the proposed sale assets as
24 reflected in the Trustee's exhibits today.

25 All right, sir, the sale procedures, as I mentioned,

1 substantially track the prior sale procedures approved by the
2 Court. But of course, with a greater proposed marketing
3 period, subject to the Court's instructions regarding
4 scheduling and its availability, we contemplate that this leads
5 us to a final sale hearing the week of August 26th. So the
6 last week in August.

7 Your Honor, at the Trustee's Exhibit 4 is a
8 demonstrative that sets forth the proposed sale schedule that
9 we'd like to resolve with the Court today, assuming the Court's
10 amenable to granting this motion. But before I turn to that, I
11 think we can leave that for the end, Your Honor, I'd like to
12 just briefly discuss the material differences in the two sets
13 of procedures before proceeding to address Mr. Ryan's limited
14 objection.

15 As to the differences, Your Honor, number one, and
16 these are detailed and outlined expressly in the motion.
17 First, we have removed the \$10,000 gating deposit required for
18 bidders to qualify for due diligence access. Under the prior
19 procedures, this was required, but in consultation with PEAK
20 Tech during the course of administration of those procedures,
21 as well as consultation with other parties, the Trustee has
22 determined that this requirement is not necessary to protect
23 the estate and so has removed it in order to attempt to
24 maximize bidding interest.

25 In other words, we ran into an issue with bidders not

1 wanting to pay the deposit without having a chance to look at
2 due diligence, created a bit of a chicken and egg dynamic for
3 us, and so we've proposed to resolve it in this manner.

4 The second material difference, Your Honor, is the
5 incorporation of a presumptive \$5,000 redemption process that
6 allows the Trustee and warrant issuers to presumptively agree
7 to redemptions for \$5,000 and full mutual releases and pull
8 those out of the sale assets, but of course subject to final
9 Court approval. The procedure is intended to allow us to
10 conveniently coordinate this matter with buyers and bidders,
11 potential bidders, rather, Your Honor, so that they're aware at
12 all times of what sale assets are available.

13 And the intention, Your Honor, is to continually
14 update the list of sale assets in the Trustee's due diligence
15 data room to provide buyers notice of these sales -- these
16 redemption sales. I should also say, Your Honor, that I think
17 the obvious apparent intent here is that these are really
18 intended to only address those warrants that ultimately prove,
19 for whatever reason, to have very little value and so are not
20 likely to garner much bid interest.

21 **THE COURT:** How does that process work then, Mr. Ong?
22 The presumptive \$5,000 redemption process. A warrant issuer
23 contacts you and says, hey, this doesn't have any value or they
24 have some defense similar to what we've discussed before. And
25 at that point, the Trustee in consultation would PEAK, I

1 suppose.

2 **MR. ONG:** Yes, sir.

3 **THE COURT:** What about Mr. Ryan?

4 **MR. ONG:** We have agreed that we will consult with
5 Mr. Ryan with respect to proposed redemption sales. And in
6 fact, Your Honor, part of the specific process that we have
7 discussed with Mr. Ryan under his requested biweekly meetings
8 involves coordinating with him in order to evaluate proposed
9 redemption sales.

10 **THE COURT:** And then last time you filed some type of
11 motion and we had a hearing.

12 **MR. ONG:** Your Honor --

13 **THE COURT:** That same process will be followed here.

14 **MR. ONG:** Essentially, Your Honor, what we will do
15 here is -- so we're -- I appreciate the Court's question.

16 **THE COURT:** Because you said presumptive, give the
17 Trustee the authority, but subject to Court approval.

18 **MR. ONG:** Right, Your Honor. So this intended
19 procedure is intended to provide efficiencies to the Trustee in
20 a couple of ways. And not needing to file a motion is one of
21 those. Your Honor, once the proposed procedures are approved,
22 what we would do is provide notice of all of the proposed
23 redemption sales as proposed buyers under the procedures so
24 that the Court and all parties can consider, potentially object
25 to those in connection with the final hearing. So that's

1 exactly right, Your Honor.

2 We're proposing to have -- to do away with the
3 necessity of a separate miscellaneous sale or 9019 motion in
4 order to maximize efficiency. In addition, Your Honor, this is
5 intended to maximize efficiency in another way. Again, most of
6 these discussions, Your Honor, took place with respect to what
7 we would describe as warrants that, for whatever reason, proved
8 or developed in a manner that it appeared they would have
9 minimal value.

10 Your Honor, discussing and negotiating warrant
11 redemptions for 1,000, 2,000, \$5,000 on an individualized basis
12 is simply not efficient for the estate.

13 **THE COURT:** Well, I don't disagree. So it's 5,000
14 and less.

15 **MR. ONG:** What we're doing is --

16 **THE COURT:** Let me -- before you answer that, is
17 there an updated form of proposed order that I don't think I
18 may have seen? Is this addressed in the order?

19 **MR. ONG:** There is an updated proposed form of
20 proposed order, but, Your Honor, I don't know that it
21 specifically addresses the redemption sales procedure other
22 than providing that the Trustee will provide notice of those in
23 connection with his notice of final buyers -- of prevailing
24 bidders. But we're certainly happy to firm up that language to
25 the extent the Court thinks that's appropriate.

1 Your Honor, the proposed redemption procedure doesn't
2 prevent the Trustee from agreeing to and proposing to the
3 Court, just as we did previously outside of the redemption
4 procedure, other directed sales with warrant issuers. So if we
5 decide, Your Honor, that it doesn't make sense to settle at
6 5,000, we can certainly negotiate for a greater or higher
7 amount. But, Your Honor, we specified 5,000 as a presumptive
8 approval because that is the threshold at which we thought
9 miscellaneous redemption sales made sense to the estate.

10 Your Honor, we're not likely or too inclined to
11 negotiate, explore, and pursue redemption sales for amounts
12 less than \$5,000. We still do have that flexibility. So this
13 redemption procedure doesn't actually curtail the ability of
14 the Trustee or any warrant issuers to negotiate. It just
15 provides a presumptive path forward for them to take as a
16 matter of convenience if both sides are amenable to that.

17 And also, Your Honor, it doesn't prevent a warrant
18 issuer from also speculating on reacquiring its warrant through
19 the sale procedures as a potential qualified bidder. And
20 frankly, if they were so inclined, they could also speculate on
21 other sale assets that are available as well.

22 Finally, Your Honor, the sale procedures incorporate
23 a standardized request for financial disclosures to the
24 implicated warrant issuers. Your Honor, if you would, please
25 follow me to Trustees Exhibit E-22. And I've, for the Court's

1 convenience, I've placed a tab.

2 Oh, Your Honor, may I approach?

3 **THE COURT:** You may. My exhibits are numbered.

4 **MR. ONG:** In the hearing binders I've just handed to
5 the Court, I've tabbed the relevant page that I'm referring to.
6 And, sir, you can see here that there are four straightforward
7 requests for information. In considering these, Your Honor, if
8 you turn back to the sample warrants at Trustees E-1A, and
9 again, there are two of them. And here, Your Honor -- and I'm
10 sorry to jump around so much, but here, Your Honor, if you look
11 at the proposed form of warrants, you will see that the -- I'm
12 sorry, it's Exhibit 1A. Here, Your Honor, under both forms of
13 warrants, if the Court will look at page 2, section 2,
14 information rights, the Court will see that the request for
15 information that I just identified for the Court under the
16 proposed general request for disclosures closely tracks the
17 contractual rights that the estate, the Debtor, holds under
18 these warrants and the provision that I cited.

19 So as a matter of comprehensiveness for the record,
20 if we turn back to Exhibit A2, which is the other form of
21 proposed warrant here, again, Your Honor, on page 2, section 2,
22 the Court will see a corresponding information rights provision
23 that closely tracks the language of the proposed requests under
24 these sale procedures.

25 Your Honor, the sale procedures otherwise closely

1 track the same structure we previously employed and now have
2 the benefit of the Court's prior rulings along the way on
3 potential objections, actual objections and issues, including
4 but not limited to the exercise of rights of first refusal and
5 the severability of warrants from related customer agreements.
6 Given this and the lack of any objection to the reasons
7 justifying the proposed sale, for expediency, Your Honor, I'd
8 like to rely on the motion and its contents to address the
9 requisite elements of Section 363, which I understand to be
10 undisputed today.

11 But I will state for the record, Your Honor, with
12 respect to the Trustee's request to sell free and clear of all
13 liens, claims and encumbrances, the sole asserted secured claim
14 in this case is the Small Business Administration. And just as
15 it did with respect to the first motion, subject to the
16 language it's required under the Court's proposed orders, I can
17 represent to the Court we have provided the SBA's counsel with
18 a copy of the motion and understand that the SBA consents
19 subject to that language. And I appreciate that very much.

20 Your Honor, as I know the Court is aware, these sale
21 procedures employ a dual objection and hearing process once
22 approved. So even after the Court approves the procedures
23 today, if it is so amenable, we'll serve the notice of the
24 procedures and the Court's order on all warrant issuers and all
25 parties in interest, tens of thousands of parties in this case,

1 including by email. And they will have a full opportunity to
2 object to the sale, the assumption and assignment of their
3 executory contracts and any cure amounts. And, Your Honor,
4 they will also have a subsequent opportunity once notice of the
5 prevailing buyers or bidders is provided, to object to the
6 final sale results, including based on the objections to
7 assignment of executory contracts based on the identity of the
8 proposed buyer.

9 Now, Your Honor, before I turn to the proposed
10 revisions and Mr. Ryan's limited objection, let me also observe
11 for the record again that we expect no valid cure obligations
12 relating to this sale process, nor were there any with respect
13 to the prior sale process. And the reason for that, Your
14 Honor, is again, with these warrants being severable from the
15 related customer agreements, they carry no particular
16 obligations of the holder other than to pay money upon
17 exercise.

18 At this point, Your Honor, if the Court would please
19 turn with me to the proposed revisions that we have submitted
20 to the Court subsequent to filing of the motion, and we have
21 two red lines for the Court's consideration.

22 **THE COURT:** All right, before we move on, Mr. Ong,
23 let me ask a question.

24 **MR. ONG:** Yes, Your Honor.

25 **THE COURT:** The -- and I'm looking at, I guess it's

1 1B, which is, it's the Exhibit 2, the Notice to Warrant Issuers
2 on the information that you referred me to under the warrant
3 specifically.

4 **MR. ONG:** Yes, Your Honor.

5 **THE COURT:** I don't recall this process, this being
6 in -- this wasn't in place last time, right?

7 **MR. ONG:** No, Your Honor, this was not. This is one
8 of the differences that I want to outline to the Court.

9 **THE COURT:** Yeah. Okay. So my follow-up question
10 is, I'm just curious, and I'm trying to think ahead, was there
11 issues, did PEAK or the Trustee have issues last time with
12 acquiring this information?

13 **MR. ONG:** We did, Your Honor. More than -- I
14 wouldn't necessarily characterize it in terms of difficulty
15 acquiring the information, because if a warrant issuer fails or
16 refuses to comply with that request, it is what it is, and the
17 consequences potentially inure to the benefit of the estate
18 because of the potential extension of the warrant where they
19 refuse.

20 **THE COURT:** Did both sets of warrants have that
21 language that's provided in this Exhibit 2 that says, failure
22 to comply shall result in the automatic extension of the
23 warrant period to 10 years?

24 **MR. ONG:** Yes, Your Honor.

25 **THE COURT:** Okay. Now my next question, if they

1 don't respond, am I going to see a plethora of motions to
2 compel and things like that?

3 **MR. ONG:** No, Your Honor. We will leave that
4 potential extension of the warrant to the buyers to fuss with
5 and the warrant issuers.

6 **THE COURT:** But without that information, does that
7 negatively impact value?

8 **MR. ONG:** It potentially does, Your Honor. The --

9 **THE COURT:** So the Trustee reserves the right,
10 however, to compel that information to be provided.

11 **MR. ONG:** We do reserve that right, Your Honor, but
12 in that instance, as I mentioned, the estate and the trustee
13 very well may conclude that accepting the probable extension of
14 the warrant in exchange for that failure may in inure to the
15 benefit of the estate.

16 **THE COURT:** All right. All right. Thank you.
17 Sorry. I interrupted you.

18 **MR. ONG:** No, that's quite all right, Your Honor.

19 **THE COURT:** Now you're moving on to some type of
20 redline.

21 **MR. ONG:** Well, I appreciate it. I do want to say in
22 light of the Court's questions that the difficulty we
23 encountered with this under the prior sale process, Your Honor,
24 is in the absence of a standardized request, the Trustee and
25 PEAK Tech sent individualized requests for the same

1 information, exercising similar provisions to all of the
2 warrant issuers that were at issue under the first sale motion.
3 And we found, Your Honor, that that was a very inefficient
4 process.

5 **THE COURT:** Yeah. I want to be efficient. I want to
6 be economical. But I also want to maximize the value for these
7 assets, obviously.

8 **MR. ONG:** As do we, Your Honor, and I appreciate
9 that. So under the Trustee's Exhibit 1, we have two redlines
10 for the Court to review, 1C and 1E.

11 First under 1C, Your Honor, we'll see the same or
12 effectively the same, materially the same language that appears
13 in four different places in the notice and the proposed sale
14 procedures. Your Honor, this particular language was refined
15 following the first sale motion results and in discussion with
16 Mr. Satija and his client's assertion that these unexpected
17 results justify potentially broader rights, to raise process
18 concerns with the Court.

19 Your Honor, it was never our intention to curtail the
20 ability to raise process concerns and compliance with the
21 Court. And so we have conferred with Mr. Satija in order to
22 resolve this proposed language. And I will point out, Your
23 Honor, that we didn't limit it to Mr. Ryan, but we have revised
24 the proposed language to provide these greater and broader
25 objection rights to all parties in interest. Those actually do

1 it for Exhibit 1C.

2 If the Court will turn to Exhibit 1E, this is the
3 proposed initial order granting the sale procedures. Your
4 Honor, we'll see again that there is language, the same
5 corresponding language that has been overlaid in two places on
6 the Court's proposed order so that we expressly memorialize
7 those broader objection rights. And of course, Your Honor, as
8 I've glossed over, these documents have some highlighted open
9 scheduling dates that we need to and would like to turn to
10 resolve with the Court at the conclusion of this hearing.

11 But before I do that, if the Court will entertain my
12 preliminary responses to Andrew Ryan's limited objection and
13 report to the Court. Again, Your Honor, it's our understanding
14 that this limited objection is substantially resolved. Only
15 the final issue requires this Court's intervention.

16 Your Honor, the first limited objection, and of
17 course, I'll cede the floor to Mr. Satija in a moment to
18 advance the interests of his own client. But our understanding
19 of the first limited objection basis is directed to Mr. Ryan's
20 request for broader rights to object on a final basis regarding
21 the administration of the sale procedures and process. We just
22 presented that to the Court and I understand this language is
23 agreed and, therefore, so too is that --

24 **THE COURT:** And that's the language that says the
25 performance or compensation of the sales agent administration

1 of sales procedures or adequacy of marketing or proposed
2 purchase prices.

3 **MR. ONG:** Yes, Your Honor.

4 The second relates to Mr. Ryan's request for biweekly
5 meetings with the sale agent to confer with the sale agent as
6 to the progress of the sale effort. Your Honor, both of these
7 objection bases appear to be directed to Mr. Ryan's concerns
8 over the prior sale results and his understandable desire to
9 seek to maximize those results, including by monitoring and
10 potentially challenging PEAK Tech's performance.

11 Your Honor, I should say here that I always think
12 it's interesting when a controlling principal who's managed the
13 business in the Chapter 7 complains about the estate's
14 performance and the need to observe here that based on the
15 current circumstances, this estate currently could very well
16 prove to be administratively insolvent. We don't expect that,
17 Your Honor, but that implicates Mr. Ryan's potential standing.

18 But in any event, the Trustee and PEAK Tech have
19 agreed to conduct these meetings with Mr. Ryan on a biweekly
20 basis. Again, PEAK Tech, to its credit, has taken the position
21 that it's happy to coordinate with Mr. Ryan and other parties
22 and doesn't have anything to hide with respect to its
23 administration of the sale procedures.

24 Now, having said this, Your Honor, I'm not sure what
25 is meant by progress metrics, but there is no dispute that

1 these meetings will discuss and implicate discussions regarding
2 the sale process, implementation of the procedures, bidding
3 interests, NDAs and expressions of interest received, and
4 similar progress metrics subject to, of course, the Trustee's
5 and his professionals' non-disclosure obligations under the
6 non-disclosure agreement that is being utilized in connection
7 with this process.

8 So -- and what I mean by that, Your Honor, is we
9 can't necessarily convey and attribute to specific bidders any
10 particular correspondence, but we can certainly confer with
11 Mr. Ryan as to the general progress of the sale procedures and
12 general considerations and discourse that are taking place in
13 connection with that administration.

14 Your Honor, as to the request for the Trustee's
15 advanced consent to emergency or expedited consideration --

16 **THE COURT:** So on the second item, there's no
17 language in the sales order. You're just agreeing to that.

18 **MR. ONG:** That's right, Your Honor. And I don't
19 think we necessarily need language in the proposed order for
20 that. Again, I'm happy to represent on the record, as I have
21 already, the Trustee and PEAK Tech's commitment to conduct
22 those biweekly meetings. But if the Court thinks that we
23 should incorporate some language, we're happy -- we're amenable
24 to settling that up with Mr. Satija.

25 **THE COURT:** Mr. Satija, are you acceptable of

1 Mr. Ong's representation? Do you want a short paragraph in the
2 order? I don't care. Mr. Ong's an officer of the Court. If
3 he says he's going to do it on the record today, then I trust
4 that he's going to do it.

5 **MR. SATIJA:** I feel the same way, Your Honor.

6 **THE COURT:** Okay. Thank you.

7 **MR. ONG:** I appreciate Mr. Satija's cooperation and
8 the Court's flexibility very much.

9 The next one, Your Honor, I do think we need a patch
10 in the proposed initial order that we have not yet
11 incorporated. This is Mr. Ryan's request for the Trustee's
12 advanced consent to emergency or expedited consideration of
13 requests to confer with the Court during and regarding the sale
14 process.

15 The Trustee is amenable here as well, and we've so
16 informed Mr. Satija. Of course, we don't presume to preempt
17 the Court's consideration of any request for expedited relief,
18 but the Trustee is comfortable cooperating with his advanced
19 consent in this regard, subject, of course, to actual
20 scheduling availability. But, Your Honor, again, we just don't
21 have anything to -- we don't have any desire to obscure from
22 this court's oversight any concerns regarding the
23 administration of the procedures.

24 **THE COURT:** Okay. And that, of course, is subject to
25 my procedures for expedited emergency consideration. And

1 Mr. Satija would file his request. He'd confer with you in
2 advance. He would -- or whoever else is a necessary party, and
3 would file his request, providing me dates that everybody's
4 available, the cause for the emergency request, and then the
5 ball's in my court. I'm not a party to this agreement.

6 **MR. ONG:** I believe that is all correct, Your Honor.
7 And we are merely pre-authorizing Mr. Satija to represent to
8 the Court that the Trustee has consented to the Court's
9 emergency --

10 **THE COURT:** I do think that a short sentence in the
11 order is appropriate to address that. Yes, sir.

12 **MR. ONG:** Very well. We'll be happy to comply with
13 that, Your Honor.

14 All right. One more before the unresolved limited
15 objection, Your Honor. Mr. Ryan's request for data room
16 access. Here, too, we need just a little bit of corresponding
17 order language. We're amenable to allowing Mr. Ryan access to
18 the data room, but Your Honor wasn't able to resolve this
19 merely by asking him to sign the court-approved form of
20 nondisclosure agreement because Mr. Ryan's corresponding
21 intention isn't, as recited in that nondisclosure agreement, to
22 explore a transaction with the estate and himself, but rather
23 to oversee and monitor the process.

24 So Your Honor, what we'd request and ask is the Court
25 allow us to settle up language with Mr. Satija, providing that

1 Mr. Ryan will have access to the data room, subject to his
2 confidentiality obligations, the same as bidders have, and his
3 agreement that his purpose in accessing the data room is not to
4 explore a potential transaction with the estate or any other
5 party or any other purpose, but to monitor and support the sale
6 process being conducted by the estate.

7 **THE COURT:** Okay. Here's the sentence I've focused
8 on in Mr. Ryan's response. Including Ryan having the ability
9 to contribute to the data room and provide information on his
10 own behalf. What does that mean?

11 **MR. ONG:** So Your Honor, I appreciate the Court's
12 question.

13 **THE COURT:** Well, I apologize, I'm interrupting you.
14 That sounds like he's going to be able to add information in
15 his own personal narratives, maybe in a parenthetical or
16 something that the buyers are going to see. So there's got to
17 be some type of disclosure that that's not a representation by
18 the Trustee or the estate, and I guess if Mr. Ryan does that,
19 that certainly raises interesting issues in context of an as-
20 is, where-is sale. But you can see my concerns with that.

21 **MR. ONG:** I understand.

22 **THE COURT:** My reading of that language.

23 **MR. ONG:** I believe the Court -- I understand the
24 Court's consideration. And, Your Honor, I appreciate again the
25 Court's raising this because it runs headlong into an apparent

1 inconsistency with the unresolved final limited objection by
2 Mr. Ryan, under which we understand he is asking to prevent
3 warrant issuers from having the opportunity to put their own
4 position statements into the Trustee's data room.

5 But first, let me address Mr. Ryan's request to have
6 the ability to place his own material in the data room. Your
7 Honor, the Trustee is amenable to that with the exact same
8 proviso that the Court has already admonished that the Trustee
9 will clearly -- we'll make it plain and apparent that the
10 Trustee is not authoring or standing behind any of that
11 material, but that it is authored by a third party, the former
12 principal of ASTRALABS, and is being disclosed subject to the
13 Trustee's reservations of rights.

14 **THE COURT:** What did we do in the first round of
15 sales?

16 **MR. ONG:** So Your Honor, this gets me into the final
17 limited objection basis. Your Honor might recall that I
18 previously discussed with the Court on the record that our
19 assessment of the sale results under the first motion included
20 our consideration of submissions by warrant issuers of position
21 statements and disputes and requests that the Trustee placed
22 that correspondence in the Trustee's due diligence data room.

23 Your Honor, the Trustee has stored --

24 **THE COURT:** And the reason being there obviously
25 would be if the Trustee has knowledge of some position taken by

1 the issuer that's not disclosed by a buyer, then that would
2 take it outside of the as is, where is and give rise to an
3 intentional non-disclosure and raise some interesting issues.

4 **MR. ONG:** The Court perceives it exactly, Your Honor.
5 We felt that the Trustee could not be in a position of
6 intentionally withholding information that is actually known to
7 the Trustee under an as is, where is sale. And that's what
8 informs the Trustee's inability, Your Honor, to agree to the
9 final objection basis.

10 I don't fault Mr. Ryan's concerns. I don't fault
11 what we understand to be his objectives, and I don't disagree
12 that this correspondence generally has a detrimental impact on
13 the estate's prospects for sale. But, Your Honor, practicality
14 simply does not always override the requirements of the law,
15 questionable whether it ever does and ethical considerations
16 under the law. And Your Honor, the Trustee's approach in
17 bankruptcy is always informed by candor and full disclosure.

18 So we just don't think that the Trustee could
19 consensually agree to refuse to place into the data room
20 disclosures that have been provided to the Trustee regarding
21 disputes with warrant issuers and some with express requests
22 that the trustee disclose those matters to potential buyers.

23 Now, regarding the -- let me make just a couple of
24 additional points regarding the particulars of the limited
25 objection. Number one, Your Honor, the limited objection --

1 **THE COURT:** Before you go there, Mr. Ong, let me make
2 sure I understand. So we're going to have the warrant issuers
3 that are raising some type of objection or dispute or that it's
4 expired. I don't know, whatever they might issue. And maybe
5 I'm misreading Mr. Ryan's objection or response. And the
6 process that's proposed, that it's placed into the data room.
7 Separately, we have an objection deadline where the warrant
8 issuers have to file an objection if they are asserting that
9 the warrant can't be sold, or it's expired, or I guess anything
10 else.

11 **MR. ONG:** Yes, Your Honor.

12 **THE COURT:** Isn't Mr. Ryan's objection just saying
13 that they should have to file -- whatever other statements are
14 put in the data room should have to be filed -- should require
15 to be filed as an objection. Isn't that what he's saying or
16 no?

17 **MR. ONG:** I think Your Honor is correct. I think --
18 we understand a substantial part of Mr. Ryan's objection to be
19 that if a warrant issuer disputes the validity or
20 enforceability or saleability of its warrant, it's obligated to
21 object. And it's not appropriate for a warrant issuer to try
22 to end run that process by not objecting, but then demanding
23 that the Trustee disclose potential disputes raised by the
24 warrant issuer in the Trustee's due diligence data room.

25 And Your Honor, in that context, I think that the

1 Trustee doesn't necessarily oppose the limited objection. And
2 if the Court were to order that the Trustee has no obligation
3 to comply with any such requests or make any such disclosures
4 where such warrant issuers have failed to raise those
5 considerations in a formal objection, we think that works, Your
6 Honor.

7 But I do want to say that part of our concern with
8 this process, if the Court recalls under the first motion, we
9 had a number of warrant issuers that were collectively
10 represented by the Ross, Smith and Binford firm. They raised
11 and urged the Trustee to consider their intention to formally
12 raise concerted collective objections to the sale process and
13 the assumption and assignment of their warrants.

14 Your Honor, what we did in that instance is the same
15 thing that we would do here. We would carry those objections.
16 And so that also informs our approach. Your Honor, in the
17 event that we do have warrant issuers objecting, there is at
18 least a substantial likelihood, and we'd like the Court and
19 Mr. Ryan and other parties to appreciate and understand that,
20 that the Trustee may not litigate those objections because it
21 may not be in the best interest of the estate.

22 **THE COURT:** Well, if they file a formal objection --

23 **MR. ONG:** They should be excepted from this
24 prohibition that's being requested by Mr. Ryan. That's our
25 position.

1 **THE COURT:** Well, and Mr. Ryan will have an
2 opportunity to respond to their objection because they'll see
3 it and know about it.

4 **MR. ONG:** That's correct, Your Honor. But the reason
5 we think that these objections may not be litigated on the
6 merits by the Trustee or by Mr. Ryan, frankly, or anyone else,
7 just as occurred under the first sale motion, is the
8 practicality of it. Your Honor, if we field thousands of
9 individualized merit, fact-based objections that this or that
10 warrant is expired, this or that warrant was procured by fraud,
11 this or that warrant is not enforceable for a myriad of
12 reasons, we cannot litigate to the merits thousands and
13 thousands of individualized fact-based evidentiary objections
14 without substantially bogging down, delaying this sale process
15 and the intended schedule, and potentially destroying the
16 estate's interest in the sale assets.

17 Again, Your Honor, these warrants are continually
18 expiring and the estate has no money. So a big part of this --
19 of the intention behind these procedures, just as with the
20 first set of sale procedures, is to carry those objections,
21 absorb the impact on the value of the sale assets, but minimize
22 the estate's delay, distraction, and expense in dealing with
23 them by foisting those on the buyers.

24 Your Honor, requiring the Trustee to litigate any and
25 all of these objections is directly contrary to that process.

1 But again, I think the Court has already managed to cut
2 through this. Subject to what Mr. Satija may have to
3 articulate, we think that the appropriate resolution of this
4 limited objection would be at most for the Court to order that
5 the Trustee has no obligation to disclose or honor the disputes
6 of warrant issuers that have not formally objected to preserve
7 and raise those disputes, Your Honor. And as to anyone else
8 who objects, we can take that as it comes.

9 **THE COURT:** Okay. Mr. Satija?

10 **MR. SATIJA:** Your Honor, Ron Satia, on behalf of
11 Mr. Ryan. I always appreciate Mr. Ong coming up here before me
12 because he's able to lay everything out and articulate it. And
13 I think that based on some of the things that he said right
14 now, we can definitely do a little bit of shortcutting.

15 Obviously, we support the Trustee. Mr. Ryan supports
16 the Trustee and wants the sales to be wildly successful, of
17 course, because then, you know, he might make some money out of
18 it at the end of the day. We do understand the Trustee's
19 desire to be neutral as to people who, you know, as to the
20 process and not, you know, make or withhold any
21 representations. But, I mean, the trouble here is that this is
22 not knowledge that the Trustee has that he has to put into the
23 data room. You know, these are just allegations that are
24 brought to the Trustee's attention. And --

25 **THE COURT:** So the issuer doesn't file an objection.

1 You're talking about the scenario where no objection is filed
2 by the deadline and the issuer separately emails Mr. Ong or
3 PEAK and for some reason disputes the warrant. That's the
4 scenario we're talking about.

5 **MR. SATIJA:** Yes, and it goes directly into the
6 scenario that Mr. Ong raised just now with the Binford clients,
7 where if anybody wants to, you know, dispute the Trustee's
8 ability to sell it, they can, you know, simply reach out to the
9 Trustee and do a negotiation as they did in the, you know,
10 Binford case and -- or the Binford client case. And then, you
11 know, I mean, if they get to the objection deadline and they
12 have to make an objection to the sale, then they do that. But
13 that's how Court works, you know.

14 **THE COURT:** And Mr. Ryan's position is if they don't
15 follow the process that I approve and they don't file a timely
16 objection, but they reach out to the Trustee or PEAK or the
17 Trustee's counsel to raise some issue, then Trustee doesn't
18 have to disclose that because they didn't follow the process.

19 **MR. SATIJA:** But that's definitely better for the
20 sale process, for sure. I mean, they're getting ample notice.
21 They're getting ample due process. These warrants are
22 different from the warrants in the last tranche because most of
23 these or many more of these are well-financed companies. And
24 so if they really have an objection to sale, they're going to
25 file an objection, you know. If it's a defunct company or if

1 it's a company where the Trustee is going to do a redemption
2 for \$5,000, that can all be informally resolved. You know, I'm
3 not saying that that's the case.

4 I'm just saying if we've got an objection, you know,
5 that objection should be filed truthfully, on the record, by an
6 attorney, under his license, under Rule 9011, you know, with
7 all their allegations laid out as opposed to these sort of, you
8 know, letters filed in the data room to just try and scare off,
9 you know, buyers from buying the asset.

10 **THE COURT:** So it chills the bidding process because
11 either potential buyers are scared or the warrant issuer has
12 leveraged their own position to repurchase it at a lower price.

13 **MR. SATIJA:** Correct. And --

14 **THE COURT:** Is the process protected by giving
15 Mr. Ryan an opportunity to respond since he has knowledge,
16 which is earlier in this -- is the response Mr. Ung is
17 agreeable to having Mr. Ryan have the opportunity to put some
18 type of narrative or response in the data room as well?

19 **MR. SATIJA:** That statement and the limited objection
20 -- this part of the discussion hasn't gone on as far as -- as
21 long as the other discussions, the previous resolved issues.
22 Those I've been discussing with the Trustee a little bit longer
23 and this issue came up a little bit later in the process. And
24 one of the initial suggestions that the Trustee made was just
25 that. Let people put letters into the data room and let, you

1 know, Andrew Ryan respond. And that's the reason for that
2 sentence in the limited objection. I should have just taken
3 that out because our position is we don't want anything extra
4 filed in the data room. They're going to make their crazy
5 allegations and then the burden suddenly goes on to Mr. Ryan
6 to, you know, have to make, you know, his own responses. And I
7 mean, that could be a very significant burden as well. You
8 know, plus he's got to respond to things that are crazy talk.

9 And, you know, he's responding to a decent amount of
10 that just outside of the Court process, which is something
11 that, you know, we don't have to discuss too much here, but,
12 you know, there's still media coverage of this situation. And
13 the order or the sale process lays out a procedure and the
14 Trustee is welcome to negotiate, you know, behind the scenes,
15 as we do in legal cases, and present some kind of a compromise
16 or present notes in the final sale order that's like, we
17 resolve this like this. We resolve this like this. But there
18 is no reason to burden the data room or the sales process by
19 having those, you know, additional statements made. I've
20 looked at a few of them and --

21 **THE COURT:** A few of them from Tranche I?

22 **MR. SATIJA:** Yes.

23 **THE COURT:** Okay.

24 **MR. SATIJA:** Yes. They're in a previous -- I didn't
25 remember this until just now, but there's a -- there's a few in

1 Trustee's Exhibit 2 at document number 372. Document number
2 372, Trustee's Exhibit 2, relating to the last -- was it
3 relating to this one? No, it's relating to the first sale.

4 **THE COURT:** Singh objection?

5 **MR. SATIJA:** Huh?

6 **THE COURT:** Hold on. 372. Okay.

7 **MR. SATIJA:** Yeah, there are a few.

8 **THE COURT:** Email from Shahink Singh (ph)?

9 **MR. SATIJA:** Yes, Your Honor. There are a few there
10 and, you know, I'm reading them and they're not -- you know,
11 they just say, hey, this is expired. You know, hey, we did
12 what we were supposed to do. You know, hey, this is -- you
13 know, this is invalid.

14 You know, for whatever reason, and you know, I just
15 feel like if they reach out to the Trustee and they say that
16 and the Trustee can consider it and decide if there's going to
17 be any kind of ramification on the legal process, but just in
18 conversation with Mr. Ong, I think that there are others that
19 we haven't seen that, you know, have -- because I don't have
20 access to the data room. Mr. Ryan doesn't have access to the
21 data room yet. It sounds like there are others that we haven't
22 seen that have, you know, more problematic allegations to them.

23 But even in the case of these, I mean, if we're
24 talking about, you know, a valuable company, you know, they
25 should be required to file an objection in Court like anybody

1 else.

2 **THE COURT:** And the -- maybe this is a question for
3 Mr. Ong. I think this is similar to the language we had in the
4 prior sale order. Any sale asset issuers and counterparties,
5 including without limitation issuers and all other persons and
6 entities asserting any objection to the assumption or
7 assignment other than an objection based solely on the identity
8 of the purchaser must file the objection by May 31st. And
9 what's -- any objection contemplated there, if it's some of
10 this information, for example, about it being expired or
11 anything of that nature, the deadline would be May 31st under
12 this proposed sales procedure. Right, Mr. Satija?

13 **MR. SATIJA:** Are you looking at the redline?

14 **THE COURT:** Yes.

15 **MR. SATIJA:** Yes.

16 **THE COURT:** Yes. Okay. Is it -- I think I'm looking
17 at the right, the cure objection deadline. Let's see. And
18 Mr. Ryan's position is if they don't file an objection, that's
19 it. I mean, they don't -- you don't get to come in, you know,
20 presumably an email gets sent to Mr. Ong on May 20th. His
21 response should be, you need to file an objection.

22 **MR. SATIJA:** Well, or his response can be a number of
23 other things as well. Again, as with any legal case. I mean,
24 his response could be, you know, we'll seek an extension or his
25 response could be, yeah, we understand where we're coming from.

1 We'll do a side sale, you know, or we'll do a redemption with
2 you or something like that. It could be --

3 **THE COURT:** Similar to what he did with some of the
4 other warrant issuers in the first round.

5 **MR. SATIJA:** Exactly. Exactly.

6 **THE COURT:** And I don't want Mr. Ong or the Trustee
7 or PEAK to be in a position of having to give legal advice or
8 being suggested they're giving legal advice. So the safe
9 answer is always, if you have an issue, file an objection.

10 **MR. SATIJA:** There's nothing to prevent the Trustee
11 from filing a reservation or something like that, you know.

12 **THE COURT:** Well, it's such an interesting -- it's
13 weighing those two competing issues. And I'm wondering aloud
14 if there's a way to edit that portion of the ordered language
15 that specifically says that if you don't file an objection,
16 then the Trustee has no obligation to put this into the data
17 room or some language that protects Mr. Satija -- Mr. Osherow,
18 Mr. Ong, and PEAK, and make it abundantly clear to any warrant
19 issuers, if you have an issue, you better file an objection,
20 because if you don't, it doesn't mean they waived any of their
21 rights. But if you don't file an objection, then any of your
22 issues aren't going to be before the Court for any type of
23 determination or consideration. You see where I'm going with
24 that?

25 **MR. SATIJA:** I mean, I think that that kind of a

1 resolution is perfect because it does insulate the Trustee from
2 having to worry about, you know, any representation or non-
3 representation, you know, that's made regarding the sale. The
4 Trustee won't feel like he's withholding information, but it
5 preserves everybody's due process rights. You know? And it
6 keeps everything above board. And it doesn't put this burden
7 on Mr. Ryan of, you know, having to somehow come up with a
8 response for each one of these, you know, and information that,
9 you know, might not rise to the level of representation under
10 9011.

11 Mr. Ryan has told me he couldn't be here today
12 because of his illness. And he's on the line if you want to
13 ask him about it. But in the previous tranche, my
14 understanding is he and Mr. Patel kind of ran down information
15 where somebody made a representation like that in the data
16 room. I don't remember which one it was. Again, that could be
17 a question for him. Where, you know, the CEO said, oh, we're
18 not worth anything. And like, it turned out they're worth
19 something, you know, that they had done fundraising and they
20 had, you know, ample operations. So --

21 **THE COURT:** And that goes to my question earlier with
22 regard to the form request for information that was the notice
23 to warn issuers of Trustee's requests for financial
24 information. Of course, the Trustee in that scenario, if
25 Mr. Ryan or whoever, PEAK, does due diligence and has -- says,

1 I need this information, of course, the Chapter 7 Trustee can
2 also always file a motion to compel in front of me and I can
3 compel the warrant issuer to issue that, I think, to provide
4 that information to the Trustee. I think I have authority and
5 jurisdiction to do that.

6 It's really an interesting issue because you've got
7 the competing interest of requiring someone to follow the
8 process and file their objection versus full disclosure by the
9 Trustee. It's really competing issues.

10 Okay. What else, Mr. Satija?

11 **MR. SATIJA:** I mean, I think --

12 **THE COURT:** So what do you want me to do? Let me ask
13 you that. I mean, maybe I'm -- what do you -- what does
14 Mr. Ryan and you want me to do?

15 **MR. SATIJA:** I mean, I think the resolution that you
16 proposed a second ago or mused about a second ago is perfect.
17 I mean, just to put language in the order that says, you know,
18 the Trustee is not required to put, you know, any, you know,
19 crazy stuff, emails, you know, things that are received outside
20 the process into the data room. And then, you know, but
21 obviously the Trustee is -- his right to negotiate is
22 preserved. I don't think there has to be any language related
23 to that. And then just some clarification in the order that's
24 like, hey, if you really feel like you have a legal objection
25 here to this sale, you better bring it.

1 **THE COURT:** Yeah. I'm being facetious to some
2 extent, but it's bold, underlined, in 16 font that says, if you
3 don't file an objection, exactly what you just said. Okay.

4 **MR. SATIJA:** We have that in every pleading. It
5 struck me -- it surprised me when I started practicing law and
6 I saw that negative notice language in the local rules under
7 9014 or whatever it is and under 4001. Like, hey, you've got
8 to put this bold language at the front that says, if you don't
9 object in 21 days or if you don't object by this date, you
10 know, a default order could be granted. And I was just like,
11 don't lawyers know that already? You know, but this is -- it's
12 good because it does give notice to parties who are non-lawyers
13 and stuff.

14 **THE COURT:** What happens if, as part of the due
15 diligence, a potential buyer asks PEAK or Mr. Ong or the
16 Trustee, do you have any other information related to this,
17 this particular warrant or this issuer? I mean, we already
18 have the as is, where is language --

19 **MR. SATIJA:** Right.

20 **THE COURT:** -- in our -- I think, in the sale
21 approval order. We have an asset purchase agreement that has
22 as is, where is language. Is that enough?

23 **MR. SATIJA:** Well, it's as is, where is with no
24 warranties and representations. I put that in every one of my
25 sale orders --

1 **THE COURT:** I understand.

2 **MR. SATIJA:** -- and I think it's the same thing and I
3 think the Trustee is empowered to say, you're on your own,
4 buddy.

5 **THE COURT:** Okay. All right, Mr. Ong. Thank you,
6 Mr. Satija.

7 **MR. ONG:** Thank you, Your Honor. Jay Ong for the
8 Chapter 7 Trustee Randy Osherow and the movement.

9 It doesn't sound like we have a dispute at this
10 point, Your Honor, and I appreciate the Court's intervention,
11 as well as Mr. Satija's argument very much. I believe the
12 Trustee is amenable to incorporating additional language that
13 provides that the Trustee has no obligation to disclose
14 publicly or to potential bidders in the data room or otherwise
15 the disputes of warrant issuers where the warrant issuer has
16 failed to preserve those disputes as required by the Court's
17 order and proposed sale procedures. And I can work with
18 Mr. Satija to refine and finalize and present that language to
19 the Court in an emphasized manner.

20 Again, Your Honor, I think --

21 **THE COURT:** And I'm fine with that. I think that
22 gets us there. You know, these -- they have to follow the
23 process. I mean, this is a process I'm approving. If I set a
24 deadline, they need to object. If they don't object, I'm not
25 suggesting that they waive any of those issues by not

1 objecting. If it's expired, it's expired. By not objecting,
2 they don't waive any argument that it's expired, I don't think,
3 by way of example. But if there's something they want the
4 court to review or they want the interested parties to know or
5 prospective buyers, they need to file an objection.

6 That being said -- well, that being said, I think we
7 need the language on page 4 of the proposed order, top of page
8 2, that talks about the objection deadline. I want to make it
9 abundantly clear to those issuers, though, that if they --
10 because this is going out to all of the parties, including the
11 issuers, correct?

12 **MR. ONG:** Yes, Your Honor. Yes, Your Honor.

13 **THE COURT:** Yeah, I would like for you and Mr. Satija
14 to confer and come up with some language that the Trustee and
15 PEAK and you can live with, and I'll review it. And if I think
16 it needs to go further, I'll make it go further.

17 So I think that's an appropriate edit. If they don't
18 follow the objection deadline, they don't follow the objection
19 deadline.

20 **MR. SATIJA:** Your Honor --

21 **THE COURT:** I think the Trustee also needs to have,
22 however, the ability that if there's an objection not filed and
23 there is something that really bothers the Trustee, I don't
24 know if that's the appropriate use of terms, but something that
25 comes out, I think Mr. Satija said this, something that's

1 submitted, then maybe the Trustee files something with the
2 Court seeking the ability or authority to put that in the data
3 room, perhaps. I mean, I think you always have that ability
4 to come back in.

5 **MR. ONG:** Your Honor, I again appreciate the Court's
6 comments. With the Court's permission, what we'll do is modify
7 the proposed language with a clause that preserves the
8 Trustee's discretion. So he has no obligation, but he has the
9 discretion to disclose matters as he thinks those are
10 appropriate.

11 And again, the Court and Mr. Satija are really doing
12 the Trustee a favor. The Court may recall under the first sale
13 motion, there were a number of informal objections that had
14 been asserted to the Trustee. And we felt that in good
15 conscience and candor, the basis to file those on behalf of the
16 warrant issuers at this point, Your Honor, is arming and
17 authorizing the Trustee to simply flatly respond to warrant
18 issuers: they need to file their objection.

19 **THE COURT:** They need to file a written objection
20 with the Court. If they hire an attorney, great. Attorney
21 files the objection or they can file a letter objection pro se.
22 I mean, obviously there's issues that -- related if they're an
23 entity and whether they can appear in federal court, all those
24 things. But I hate to even say that, but I mean, the open
25 court's doctrine, they have a right to appear and file whatever

1 they want. And if they have an issue, they need to file it.

2 **MR. ONG:** Again, Your Honor, it's making it easier on
3 the Trustee and his professionals, and we appreciate it.

4 **THE COURT:** All right. Anything further, Mr. Ong?

5 **MR. ONG:** I think we need to go over some scheduling
6 matters with the Court, unfortunately, because we have proposed
7 and need to plug in some potential dates.

8 **THE COURT:** Okay, let me pull my calendar up. Hold
9 on, please.

10 My first question on that, my calendar pulled up, is
11 May 31st sufficient time? Today's May 1st. Assuming that you
12 all get me a revised form of order in the next day or two, it
13 gets signed by Monday, which is May 6th. That leaves us with
14 24 days. May 31st. Is that sufficient time? Some of these
15 issuers, are they outside the United States?

16 **MR. ONG:** Some are, Your Honor.

17 **THE COURT:** Yeah.

18 **MR. ONG:** Now, we are serving most folks by email,
19 but I understand the Court's consideration, 24 days is proper
20 notice. In order to accommodate the mailbox rule, we would
21 have to stretch that for three more days into June.

22 **THE COURT:** Okay. It ends up being Monday, June 3rd?

23 **MR. ONG:** I think that makes sense to us, Your Honor.

24 **THE COURT:** Okay.

25 **MR. ONG:** All right. Your Honor, with a much larger

1 sale motion, and per the Court's prior admonitions in this
2 case, we stretched out the period between the objection
3 deadline and the Court's hearing to give us some additional
4 time to confer with the objecting parties and seek to resolve
5 those. We used up all of the time the Court gave us the last
6 time around.

7 So even with the shorter period under the June 1
8 date, we still have three weeks to confer with warrant issuers.
9 I would prefer to hold the schedule together to the extent we
10 can, and so I think we can live with that.

11 **THE COURT:** To the week of June 17th? Is that what
12 you're saying? On the first sale objection hearing?

13 **MR. ONG:** Yes, Your Honor.

14 **THE COURT:** Okay, hold on. June 20th? All right,
15 June 20th for the sale objection hearing?

16 **MR. ONG:** Does Your Honor have a time?

17 **THE COURT:** Thursday, June 20th at -- it'll be at
18 10:30. 10:30 live in the courtroom here in Austin.

19 **MR. ONG:** Thank you, Your Honor.

20 **THE COURT:** June 20 at 10:30. And I'm just noting
21 this. I don't think it impacts anything. June 19th's a
22 federal holiday. I don't think that impacts anything, but it
23 is a federal holiday. Just FYI. Wednesday, June 19th is.

24 Okay, bid deadline.

25 **MR. ONG:** So bid deadline is proposed for August 2nd.

1 I think that's sufficient time for us to market. We formulated
2 that in tandem with or in consultation with PEAK Tech and
3 Mr. Ryan. So then we have the notice of prevailing bid five
4 days after that. I'm hopeful that that will not be a problem.
5 We were able to meet that comfortably the last time around.
6 Again, we'll have a much bigger effort, but we don't mind
7 holding our feet to the fire for the benefit of the estate in
8 this regard.

9 We have a proposed final sale objection deadline a
10 little more than a week after the Trustee provides disclosure
11 of the prevailing bids. And remember, Your Honor, this --

12 **THE COURT:** That final, oh, you're probably just
13 going to say what I was just about to ask. Go ahead.

14 **MR. ONG:** This final objection deadline will be --
15 will contemplate objections that are very limited because they
16 will --

17 **THE COURT:** Purchaser only, right?

18 **MR. ONG:** Well, we -- remember, Your Honor, we have
19 broadened the right to object.

20 **THE COURT:** Language that was added.

21 **MR. ONG:** Process compliance objections and the
22 identity of the purchaser effectively.

23 **THE COURT:** Okay.

24 **MR. ONG:** All right.

25 **THE COURT:** All right.

1 **MR. ONG:** And so we will need a final sale hearing
2 from this Court. If the Court is available, we request some
3 time in the final week of August.

4 **THE COURT:** 29th, Ms. Lopez? All right. Thursday,
5 August 29th. Thursday, August 29th. Time?

6 **THE CLERK:** 9:30

7 **THE COURT:** 9:30. Live in the courtroom here in
8 Austin. All right.

9 So we've got the cure objection, sale objection
10 deadline, Mr. Ong, June 3rd, 2024. First sale objection
11 hearing, June 20th, 2024 at 10:30. Bid deadline of August 2nd,
12 5:00 p.m. on August 2nd, 2024. Let me back up just for a
13 second.

14 On the cure objection, sale objection deadline.

15 **MR. ONG:** Yes, Your Honor.

16 **THE COURT:** It says 5:00 p.m. Is there -- is that in
17 the electronic world, do we still use the 5:00 p.m. stuff?

18 **MR. ONG:** I understand, Your Honor. I think we do
19 sometimes as a matter of custom, but we're happy to make it
20 midnight.

21 **THE COURT:** Okay. I mean, it's May 31st and it gets
22 filed and I'm either going to see that it was filed timely or
23 not.

24 **MR. ONG:** Okay. Well, then we'll just remove any
25 time of day requirement and state the date, Your Honor.

1 **THE COURT:** Yeah. Let's do that.

2 **MR. ONG:** Okay.

3 **THE COURT:** Sorry. Bid deadline, August 2nd, 2024.
4 Notice of prevailing bid, August 7th, 2024. Final sale
5 objection deadline, August 16th, 2024.

6 **MR. ONG:** Same admonition on that timing, Your Honor?

7 **THE COURT:** Yeah, that's what I would prefer.

8 **MR. ONG:** Understood.

9 **THE COURT:** Final sale hearing, August 29th at 9:30,
10 and then the closing deadline, 30 days following entry of the
11 final sale order. So that's fine. All right. Anything else?

12 **MR. ONG:** I have nothing further for the Court. I
13 appreciate it.

14 **THE COURT:** Anything from you, Mr. Satija?

15 **MR. SATIJA:** Your Honor, Ron Satija again on behalf
16 of Andrew Ryan.

17 Mr. Ryan has much more significant experience with VC
18 and private equity and things like that than I do. And he just
19 points out that July and August are really periods where they
20 take extensive vacations and might not be a lot of availability
21 from VCs during those months. So I guess I would just say, you
22 know, we'll kind of gauge --

23 **THE COURT:** So should we -- I'm just asking. I don't
24 know. We could push everything back 30 days.

25 **MR. ONG:** Your Honor, we're amenable to a longer sale

1 schedule if that's what the Court thinks is appropriate.

2 **THE COURT:** Yeah, I don't care what it is. Again, I
3 want the process to be fair and reasonable and appropriate.
4 And I want to maximize the value of these assets. So if it
5 takes an extra 30 days in the whole grand scheme of things, I'm
6 not opposed to that. But I'm not privy to VC and their
7 availability, and if they're taking two months off, I'm
8 probably in the wrong business, I guess. But --

9 **MR. ONG:** Your Honor, I would raise just two
10 concerns. And again, you know, happy to cooperate to maximize
11 the assets however the Court thinks is best. But two
12 considerations.

13 Your Honor, if we stretch this sale proceeding out
14 past the schedule that's been formulated, some of these
15 warrants will age out of their original term.

16 **THE COURT:** Okay.

17 **MR. ONG:** And --

18 **THE COURT:** Do we know how many?

19 **MR. ONG:** I don't. And we could lose some value as a
20 result of that. And then I will also point out, Your Honor,
21 that under the first sale motion, the Court may not recall
22 this, but we were prepared to submit and file that sale motion
23 last September. And at that time, Mr. Ryan also advocated that
24 the private equity market would not be active at the end of the
25 year either. And so he advocated that we wait until the

1 beginning of the year on the first sale motion.

2 So there's tension there, Your Honor, that if we
3 delay this too much, we're pushing into the end of the year
4 where Mr. Ryan has also told us private equity and potential
5 institutional buyers are not likely to be active.

6 So I'm not trying to be argumentative, Your Honor.
7 Again, I want to cooperate to maximize the --

8 **THE COURT:** Okay. Well, let's do this. I think I
9 want to keep the deadline. Of course, the Trustee, you can
10 always extend the deadlines if needed or if there's some issue
11 there. But I do want to keep these deadlines for now.

12 I mean, obviously, at some point, the Trustee or
13 Mr. Ryan, I guess since he's going to be involved in the
14 process to some extent, could come back in, and if the interest
15 in bidding is not as fruitful as we'd like it to be, then we
16 can address that.

17 **MR. ONG:** I appreciate that, Your Honor. And
18 certainly, if in consultation with potential bidders, we
19 receive a substantial good faith request for additional time to
20 bid, then under the procedures that have been discussed with
21 the Court today, I think that we and/or Mr. Ryan would have
22 every ability to run in and ask for the Court to aid us in
23 resetting the schedule.

24 **THE COURT:** Okay. All right. We'll keep the
25 deadlines for now. Okay. Anything further?

1 **MR. SATIJA:** Thank you so much, Your Honor. Nothing
2 further.

3 **THE COURT:** Okay. Thank you.

4 Do you need to make a proffer or anything, Mr. Ong?
5 Are you good with your exhibits?

6 **MR. ONG:** I am good with the exhibits. And like I
7 said, Your Honor, I will proffer the Trustee's motion itself to
8 justify and outline the Section 363 requirements. I'm happy to
9 address those with the Court if you would like.

10 **THE COURT:** No, I've got it.

11 **MR. ONG:** Thank you, Your Honor.

12 **THE COURT:** All right. The matter before the Court
13 in Case No. 23-10164, ASTRALABS, Inc., at Docket No. 398 is the
14 Trustee's second motion to sell property free and clear of
15 liens. I have reviewed -- excuse me, reviewed the motion at
16 Docket No. 398. I have reviewed the response filed at 420,
17 Docket 420, filed by Mr. Ryan. I've considered the arguments
18 made by Mr. Ong, as well as by Mr. Satija today. I've reviewed
19 Trustee's Exhibits 1 through 7, which have been offered and
20 admitted with regard to the Trustee's underlying motion.

21 I will, after considering the evidence and the
22 motions and the arguments of counsel, I'm going to grant the
23 motion. I specifically find that with regard to three edits
24 that have been made or changes to the process since the first
25 motion are fair and reasonable and appropriate and are intended

1 to maximize the value of the estate's assets, and that is the
2 Trustee's proposal not to require a \$10,000 gating deposit.
3 That's going to be removed from this sales process. The Court
4 specifically approves that.

5 I also agree and approve as an appropriate provision
6 that the sales procedures will incorporate preliminary
7 authority for the Trustee to accept the sum of -- up to \$5,000
8 and agree to a full mutual release in exchange for any direct
9 sale of a particular sale asset warrant at the Trustee's
10 discretion. That's appropriate.

11 And then lastly, with regard to the third edit as it
12 relates to standardized requests for information at Exhibit 2,
13 I find that that request for information that was at Exhibit
14 1B-2, I think I have it correctly, I further approve of that
15 and find that that's an appropriate form to utilize. Of
16 course, it's without prejudice to the Trustee seeking to compel
17 the Court -- or excuse me, compel the issuer to turn over that
18 information vis-a-vis a motion to compel filed with this Court.
19 So I'll approve that form as well.

20 I also have reviewed the announcements made today
21 regarding the limited objection that was filed by Mr. Ryan and
22 the revised language that's been agreed to by the Trustee and
23 Mr. Ryan. I'll approve all of that, those announcements
24 specifically, the revised language that's been outlined for me
25 that adds that the performance or compensation of the sale

1 agent administration of sale procedures or adequacy of
2 marketing or proposed purchase prices be added throughout the
3 proposed order. I have no issues with the adding of that
4 language.

5 Number two, the request or agreement that the Trustee
6 and PEAK Technology Partners, Inc. will conduct meetings with
7 Mr. Ryan on a biweekly basis, as was announced by Mr. Ong. I
8 have no issue with that.

9 As I said, and I think Mr. Satija agreed, if the
10 parties want to add something in the order, I'm fine with that,
11 but I don't think it's necessary for the reasons I addressed
12 earlier.

13 Number three, the Trustee's consent to expedited
14 emergency consideration of any request by Mr. Ryan for a status
15 hearing. Excuse me. I have no problem with that. Of course,
16 that's subject to the Court's review of any such request and
17 otherwise requiring -- otherwise complying with my procedure
18 set forth on my website. I have no issue with Mr. Ryan having
19 access to the due diligence data room and contributing to that
20 data room.

21 Again, that's not a representation by the Trustee, so
22 I want to make that abundantly clear. Anything that Mr. Ryan
23 includes there is vis-a-vis Mr. Ryan and he alone.

24 And then lastly, we had a lot of discussion here at
25 the very end regarding objections or allegations by warrant

1 issuers as to certain issues that relate to the warrants that
2 are made to the Trustee or PEAK Technology or Trustee's counsel
3 after the deadline or outside of the Court procedures regarding
4 filing objections. That certainly raises some interesting
5 issues and has me weigh the integrity of the process and
6 complying with the Court order process versus full disclosure
7 on the other side from a purchaser standpoint -- potential
8 purchaser standpoint.

9 I think and find specifically that any of these
10 warrant issuers who have issues with regard to the process,
11 that it's expired, et cetera, need to comply with the order and
12 file an objection.

13 So with regard to the proposed form of order that's
14 at Exhibit 1E that was passed up by the Trustee, at the top of
15 page 4 where it orders what the objection deadline is, I would
16 like that to be amended, counsel. I'll give you all the first
17 shot, Mr. Ong or -- and Mr. Satija, if you'll confer briefly
18 and propose some language. But I want to make it abundantly
19 clear to any of these issuers that they have an objection on
20 any basis, then they need to file it with the Court. It's not
21 sufficient to send an email to the Trustee, or to Trustee's
22 counsel, or to peak, or call -- make a call. If they have an
23 issue, whatever that issue is, they need to file an objection.
24 If they don't file an objection, then the Trustee has no
25 obligation to address that issue or provide the information to

1 any potential purchaser, subject, of course, to the Trustee in
2 his discretion making a determination that something that
3 happens after the objection deadline should be brought to the
4 attention of the Court.

5 So the Trustee always has the objection -- excuse me,
6 the discretion to do so. But I think as a -- from a default
7 standpoint, if a warrant issuer doesn't file an objection, then
8 whatever their issue is doesn't get put into the data room. I
9 think that's just fair and appropriate and reasonable. They
10 can file their objections with counsel. They can file their
11 objections on a pro se basis in a letter to the Court, but it
12 needs to be in accordance with the full disclosure requirements
13 in the procedure that's approved by the Court.

14 So with regard to that, I would like it to be
15 conspicuous that in that particular paragraph, that the issuers
16 better file an objection by the deadline and provide, again,
17 the protection to the Trustee, as well as some discretion to
18 the Trustee.

19 So with that -- with those general comments and
20 specific comments, I'm going to approve the Trustee's motion
21 authorizing or requesting the procedures be entered. The
22 deadlines that we discussed, I'm not going to go back through
23 those, are approved. I find that those deadlines are fair and
24 reasonable, provide sufficient notice and provide for
25 maximizing the value of the estate's assets to be sold.

1 I further find, of course, that the Trustee or any
2 other interested party vis-a-vis the objection procedure, as
3 set forth in here, can seek to extend those deadlines. A
4 purchaser may seek to extend those deadlines for good cause and
5 perhaps any other party may have standing. But if there's an
6 issue, we can address that later on. But I'm going to stick
7 with the deadlines I approved.

8 I further find that the additional request for relief
9 set forth in the second motion to sell is fair, reasonable,
10 appropriate. It satisfies this Court that the procedure
11 maximizes the value of the estate's assets. It appears to me
12 to be an appropriate exercise of the Trustee's business
13 judgment. It appears to me, and I specifically find that it's
14 an appropriate exercise of the Trustee's business judgment.

15 I further find that the Trustee has proposed the sale
16 procedures in good faith to maximize the value of the assets.
17 It appears to me that notice, and I specifically find that
18 notice is proper, and I find that these proposed sales
19 procedures are in the best interest of the estate and the
20 creditors of the estate.

21 So that is the ruling of the Court. I don't have any
22 additional edits to this proposed form of order that was
23 redlined at Exhibit 1E, other than the top of paragraph -- or
24 excuse me, on page 4, that first ordered paragraph for the
25 reasons I've discussed, and then edit those deadlines

1 accordingly as well. And that's the ruling of the court.

2 Anything further, Mr. Ong?

3 **MR. ONG:** No, Your Honor.

4 **THE COURT:** All right. Order to come from Mr. Ong's
5 office after consultation with Mr. Satija. All right.

6 Thank you, counsel. That concludes the ASTRALABS.
7 If you're present in the courtroom or present on WebEx, you're
8 free to drop off. Thank you.

CERTIFICATION

I certify that the foregoing is a correct transcript from the electronic sound recording of the proceedings in the above-entitled matter.

TONI HUDSON, TRANSCRIBER

(III) to Set Final Hearing to Approve Sale and Good Faith Designation to Prevailing Purchaser(s) [Docket No. 398] (the “Second Sale Motion”) and the Court’s corresponding, prior Order [Docket No. 423] preliminarily approving the Second Sale Motion and the Sale Procedures proposed therein (the “Sale Procedures Order”).

Having considered the Motion, the Second Sale Motion and the Sale Procedures Order, and the entirety of the record before it, and this Court having found that the relief requested in the Motion is in the best interests of the Debtor, the Estate, its creditors, and all other parties in interest; and this Court having determined that the legal and factual bases set forth in the Motion and considered on the record establish just cause for the relief granted herein; and after due deliberation and sufficient cause appearing, the Court further finds and concludes as follows²:

1. The Court has jurisdiction over the matters raised in the Motion pursuant to 28 U.S.C. §§ 157 and 1334; (ii) this is a core proceeding pursuant to 28 U.S.C. § 157(b); (iii) proper and adequate notice of the Motion and an opportunity for a hearing has been given under the circumstances and no other or further notice is necessary; and (iv) good and sufficient cause exists for the approving the relief set forth herein.

2. On March 17, 2023 (the “Petition Date”), the Debtor commenced the Bankruptcy Case by filing a voluntary petition for relief under chapter 11, subchapter V, of the Bankruptcy Code, thereby creating the Debtor’s estate (the “Estate”).

3. On May 12, 2023 (the “Conversion Date”), the Court entered its *Order Converting Case to Chapter 7* [Docket No. 89], converting the Bankruptcy Case to chapter 7, discharging the subchapter V trustee, and appointing the Trustee to oversee the administration, operation, and

² Findings of fact shall be construed as conclusions of law and conclusions of law shall be construed as findings of fact when appropriate. *See* Fed. R. Bankr. P. 7052.

management of the Debtor's Estate and its business.

4. On April 3, 2024, the Trustee filed his Second Sale Motion to sell a designated set of Warrants and securities (collectively, the "Sale Assets"), to one or more purchasers [Docket No. 398], including pursuant to express procedures specified therein and proposed to govern the requested sale process pursuant to sections 363 and 365 of the Bankruptcy Code ("Second Sale Motion Procedures").

5. There are two (2) forms of accelerator warrant contracts included as Sale Assets (collectively "Warrants").

6. Both Warrant forms include the same operative section 2, as follows:

Information Rights. During the Warrant Period, the Member shall deliver to Holder (a) such information the Member furnishes to prospective investors in connection with any Qualified Financing during the Warrant Period, (b) within one hundred eighty (180) days after the end of each fiscal year of the Member, the annual (to the extent audited, if available) financial statements of the Member, (c) within forty-five (45) days after the end of each of the first three quarters of each fiscal year, the Member's quarterly, unaudited financial statements, as applicable, and (d) any such information relating to the financial condition, business or corporate affairs of the Member as Holder may from time to time reasonably request; however, the Member will not be obligated to provide information (i) that it deems in good faith to be a trade secret or similar confidential information or (ii) the disclosure of which would adversely affect the attorney-client privilege between the Member and its counsel.

7. The foregoing provision also generally provides for the "automatic extension of the Warrant Period to 10 years, commencing from the initial date of this Warrant," in the event that the issuer breaches, or fails to timely comply with, the foregoing "Information Rights" provision and corresponding obligations. *Id.*

8. On May 1, 2024, this Court held an initial hearing to consider the Second Sale Motion, pursuant to which the Court entered its Order [Docket No. 423] ("Sale Procedures Order") that, *inter alia*, approved certain procedures to govern the marketing and Sale of the Sale Assets

(the “Sale Procedures”) under a schedule that incorporates: (i) an initial objection deadline of June 3, 2024, and a further hearing scheduled for June 20, 2024, to consider any such initial objections to the proposed sale; (ii) a customary marketing and bidding period with a “Bid Deadline” of August 2, 2024; and (iii) a Final Sale Hearing to consider the Court’s final approval of the Sale. *See Sale Procedures Order*, p. 3.

9. Critically, the Sale Procedures Order also expressly approved the Trustee’s request from Warrant issuers of any and all Warrants listed as a Sale Asset to disclose certain requested financial information pursuant to the foregoing Section 2 “Information Rights”. *See Sale Procedures*, Exh. 2. **Exhibit “2”** to the Sale Procedures expressly comprises and provides the Trustee’s Court-approved notice of his corresponding requests for these Warrant issuers’ timely financial disclosures (“Request for Disclosures”). Among other things, it expressly states that, “Any breach of, or failure to comply by an Issuer with, the foregoing Information Rights obligations, pursuant to section 2 of the Warrant(s), shall result in the “automatic extension of the Warrant Period to 10 years, commencing from the initial date of this Warrant.”

10. On May 6, 2024, the Trustee’s counsel served the Court-approved Notice of the Sale Procedures, including but not limited to the Request for Disclosures, on all Warrant issuers and all parties entitled to or requesting notice in the Bankruptcy Case, as well as on known interested bidders. *See Docket No. 424*.

11. The Trustee’s evidence establishes that, since the time that the Trustee served his foregoing notice of the Sale Procedures, substantial issuers of Warrants included as Sale Assets have complied with the Request for Disclosures, but also that nine hundred forty eight (948) issuers of Warrants included as Sale Assets who were timely served with the Request for Disclosures

have failed or refused to provide any corresponding disclosure (collectively, as itemized on **Exhibit “A”** attached hereto and incorporated herein by reference, the “Noncompliant Issuers”).

12. The failure and refusal of Noncompliant issuers to timely and reasonably respond to the Request for Disclosures is prejudicial to the Debtor the Estate and its creditors by virtue of adversely impacting the potential value of Sale Asset Warrants.

NOW THEREFORE, IT IS HEREBY:

ORDERED The relief requested in the Motion is GRANTED as set forth herein. It is further,

ORDERED that each of the Noncompliant Issuers, each of whom is listed on **Exhibit “A”** attached hereto, shall, **by no later June [DAY], 2024** provide to the Trustee the following financial disclosures

- (2) The Issuer’s most recent annual audited financial statements, if any.**
- (3) The Issuer’s most recent quarterly, unaudited financial statements. And**
- (4) Any and all other “off-the-shelf” information that the Issuer customarily provides, or would like to provide, to a potential investor.**

It is further

ORDERED that such required disclosures shall be provided to the Trustee, **via e-mail**, as follows: (i) to Chad Harding, PEAK Technology Partners, LLC, 135 Main Street, Suite 1300, San Francisco, California 94105, E-mail: chad@peak-tech.com; Telephone: (801) 835-9000; **OR** (ii)

E-mail: jong@munsch.com; Telephone: (512) 391-6100. It is further,

ORDERED that, within three (3) business days following **June [DAY], 2024**, the Trustee shall file a certification identifying all remaining Noncompliant Issuers who have continued to fail or refuse to provide financial their financial disclosures to the Trustee (including his professionals) (each a “Remaining Noncompliant Issuer” and collectively, the “Remaining Noncompliant Issuers”); it is further

ORDERED that each and every accelerator Warrant issued to the Debtor by any Remaining Noncompliant Issuer is hereby, deemed extended, for all purposes, for a Period totaling ten (10) calendar years, commencing from the initial date of the Warrant; it is further

ORDERED that the Trustee is authorized to take all actions necessary to effectuate the relief granted in this Order in accordance with the Motion; it is further

ORDERED that the Court retains exclusive jurisdiction with respect to all matters arising from or related to the implementation, interpretation, and enforcement of this Order.
